SELECTMEN'S REPORT

In reviewing the last twelve months, Boscawen citizens can appreciate the fact that, proportionally to its inhabitants, no city or town in New Hampshire has furnished more employment or assistance to its residents than Boscawen.

Its industries, the Harris, Emery Co., and Stratton mills, have been practically in operation the entire year.

The insistant demands of the selectmen, that Boscawen residents should be given the preference in labor, has furnished employment to about 25 men for a number of months on the road near the Merrimack County Farm.

Due to the personal efforts of Boscawen's Representatives at the General Court, \$3000 was received from the State, which was expended finishing the State road on High Street, giving employment to 20 men for a number of months.

The State allocated \$4000 for gravel and labor on the town roads.

The Municipal Gardens, on the land loaned by Mr. Jos-Bassett, proprietor of "Eight Acres," owing to favorable weather was exceptionally satisfactory.

Forty dozen quart glass cans, seeds and fertilizer were received from the State College. The Red Cross contributed 200 bags of flour, bedding, sweaters, pants, hosiery, bloomers, overalls, jumpers and underwear. The Salvation Army furnished 25 Christmas dinners.

The town is indebted to Mr. Lyle Watson for personal efforts to furnish employment for Boscawen men, also to Mrs. Noel, the District Nurse; the Grange contributed \$50 and the Ladies' Aid \$40 in partial payment for electric lights in the Town hall.

The State Tax Commissioners assessed the Real Estate for the 1933 valuation, which with a depreciation of \$80,000 increased the tax rate for 1933.

It was necessary to purchase a new tractor for snow plowing and this winter's conditions have justified the expense.

This coming season our people must destroy the Mexican Bean Beetle, which was prevalent last season. Sprayers and dust will be furnished free by the Selectmen and parties must spray early or their crops of beans will be ruined.

Notwithstanding the efforts of the Selectmen and Welfare Workers, some of our people suffer from hunger, cold and inadequate housing.

The Town has received and expended about \$2,000.00 from the C. W. A., the projects were as follows: built a large town garage, repaired school houses, built new fences between the "Twin Bridges", painting bridge and fences, painting the library room in the Torrent Hose House, cement culverts and road work on Queen street and incidental work on Boscawen highways.

In the 1933 liabilities, \$1,450.00 owing for the Beaver Dam bridge was not included, this has been paid; a tractor purchased, and \$500.00 expended for materials for C. W. A. projects.

There is a cash balance of \$2,302.50; uncollected taxes of \$7,665.72. These should produce revenue enough to pay all bills due for 1933, including \$6,290.85 due the schools.

The town debt has been reduced \$1,871.56 for the year 1933.

LIBRARY

"A new pair of eyes to see,
New feet to go afar,
New wings to fly with, safe and free,
That's what books are."

With a total circulation of 16,625 books and magazines the past year, the people whom our Boscawen library serves have indeed taken their souls on pilgrimages.

The library building was open all the week of the bi-centennial celebration as well as for various committee meetings. Our librarian and her assistants had booths in the grove on the days of the exercises, sold tickets, helped prepare the genealogies and have sold a good number of the history books.

The Vacation Reading Club was conducted as usual at both libraries with 31 children registering at Boscawen and 35 at the Penacook Branch. At the latter place, story hours were held on four Wednesday afternoons with an average attendance of 28. At Boscawen the story hours were not held because of the pageant rehearsals.

The usual Book Week parties were held in November. There was an attendance of 125 at Penacook where the boys and girls enjoyed motion pictures through the kindness of Messrs. Perley Ayer and Cecil Grimes. Then 28 certificates, pins and books were awarded to the children who had completed the required work by Mrs. Alice M. B. Ranney of the board of trustees. About 150 attended the exercises in Boscawen town hall where chapters of certain books were dramatized by the boys and girls from the different schools. Motion pictures were shown by Mr. Herbert Swift of Elkins, then 20 certificates, pins and books were awarded by Mrs. Ranney. We are grateful to the three gentlemen for making it possible to have movies for the boys and girls.

The library booth at the Grange Fair was a fitting and tasteful presentation of some of our new books.

During the summer 358 books were mended and 469 books had new charging pockets added. For most of these books new cards were made. Much of this work was done by Miss Edna Ballard who assisted at the library during the busy summer for the experience.

This year 262 books have been added to the library, 205 by purchase and 57 being given by the following individuals to whom we express our thanks: Mr. and Mrs. Geo. Amor, Mr. George Barnard, Mr. Horton Blake, Mr. Frank L. Gerrish, Mrs. Almon G. Harris, Mr. Jonathan MacIntyre, Mr. Arthur Miller, Jr., Mr. and Mrs. William B. Ranney, and Miss Susie Wilson.

Miss Ballard attended the annual library school at Manchester and Mrs. Emery was there for a part of the sessions. Mrs. Emery, Mrs. Flanders and one of the trustees attended the neighborhood meeting in Suncook and Boscawen is to entertain this group sometime in May of 1934.

Circulation for the year has been, 10,361 fiction; 1,365 non-fiction; 4,093 juvenile; 806 magazines; making a total of 16,625.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town School District of Boscawen qualified to vote in District Affairs:

You are hereby notified to meet at the Town Hall in said district on the 17th day of March, 1934, at 2:00 o'clock in the afternoon, to act upon the following subjects:

1. To choose a moderator for the coming year.
2. To choose a clerk for the ensuing year.
3. To hear and act upon reports of the school board and of the treasurer for the past year.
4. To choose a member of the school board to hold office for three years to fill the vacancy arising from the expiration of the term of office of Lyle N. Watson, and to fill any other vacancies that may occur in said board.
5. To choose a treasurer, one or more auditors, and all other necessary officers for the ensuing year.
6. To see what sum of money the district will raise and appropriate for the support of elementary schools for the ensuing year.
7. To see what sum of money the district will raise and appropriate for the repair and improvement of school buildings during the ensuing year.
8. To see what sum of money the district will raise and appropriate for the salaries of its officers and for other expenses of administration for the ensuing year.

9. To see what sum of money the district will raise and appropriate to pay high school and academy tuition and the per capita tax for the ensuing year.

10. To see what sum of money the district will raise and appropriate for insurance and new equipment for the coming year.

11. To see if the district will vote to transport children living less than two miles from school and to raise and appropriate money therefor.

12. To see if the district will authorize the school board to contract with academies and other Districts for high school tuition in excess of the average cost of instruction per pupil.

13. To transact any other business that may legally come before said meeting.

Given under our hands this 21st day of February, 1934.

LYLE N. WATSON,
ALICE F. KENEVEL,
CLYDE G. FAIRBANKS,
School Board.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens:

The enlarging of our Supervisory Union to include seven school districts and the decision of most of these districts to provide no clerical assistance for the Superintendent has changed considerably the scope of my work. I am less familiar with the financial aspects of the situation and with the general administration of the affairs of the district.

Outside the cities, only twelve unions have more than our forty-five teachers, only nine have more than our nearly twelve hundred school children, and only three have more than our seven towns.

Becoming acquainted with the schools of three new towns and handling details connected with federal and state emergency measures have added to the ordinary work of the office. With growing acquaintance and with more settled conditions the union is probably not too large for the accomplishment of satisfactory work.

The writer can take little credit that the schools of Boscawen have been progressing so well during the past year. Most of the teachers have had long experience and all are trained for their work. The School Board has stood ready to support them. The attitude of the community has seemed more co-operative than in some former years.

During these years of depression you have held your salaries high enough to retain your teachers. The average salary for elementary teachers, during the current year, in the towns of this Union is as follows: Penacook, \$1,048; Warner, \$925; Boscawen, \$825; Canterbury, \$818; Webster, \$800; Bow, \$780; Salisbury, \$650. As the cost of living increases, and when business conditions show permanent improvement, teachers' salaries in Boscawen should return to their former standard.

The statistics here published for the school year ending last June shew that the year broke all records for the fifteen years of my service in the following items: It had the largest class graduating from the eighth grade, the largest registration of pupils, the largest average membership, the the largest number of visits by School Board and Superintendent.

The current year has the largest number of children attending high school. The membership in Boscawen schools at the present is nearly as high as the average for last year, with a loss at the Plains Grammar School and an increase at Water Street.

In their public appearances during the past year the pupils have shown not only their own native ability but the results of the careful training of their regular teachers and the Supervisor of Music, Mrs. Gale.

Partly through the use of federal funds, much needed improvements have been made at the Water Street and Plains Schools.

This year for the first time Union School District of Concord is making a charge for high school tuition higher than the School Board can pay without definite authorization by vote of the school district. If the district at the coming meeting fails to authorize payment in full, parents who are not able to pay a part of the tuition will be limited in their choice of high schools to those whose tuition charge does not exceed the amount for which the district is liable. To give children of the rich and the poor equal opportunities is the ideal toward which public education has been struggling. I trust that the ideal will not be repudiated by your vote.

Respectfully,

GEORGE W. SUMNER.
